MACHINISTS MAP OUT CAMPAIGN

Plan to Organize Advantageously in Private Munitions Plants.

LOCAL MEN DEFER ACTION

N. P. Alfias Notified that President Wilson Will See Delegation on Return to City.

The machinists' organization in this country has mapped out a campaign whereby it expects to take advantage of the demand by private concerns for munitions to manufacture war munitions, not only to organize in all private plants advantageously, but to clear up all outstanding differences with Uncle Sam in arsenals and navy yards. This was evident from the remarks of N. P. Alfias, of District 44, International Association of Machinists.

As soon as the existing differences with Secretary Daniels over the wage scale at the Washington Navy Yard are wiped out, or before, the machinists will press their demands on Secretary of War Garrison that he remove the much-hated Taylor, or piece work system, from its final stronghold, the Watertown Arsenal. Gen. Crozier, chief of ordnance, has refused to do this. The army appropriation bill prohibits the expenditure of any of its funds for labor regulated by the Taylor system, but the Watertown Arsenal is administered under the fortifications appropriation bill, which did not carry this restriction. Mr. Alfias is awaiting a reply to his last letter to Secretary Garrison. A general walk-out is threatened at the Watertown Arsenal, where a large part of the gun carriages and mounts for coast defenses are constructed.

Frankfort Trouble Averted.

Trouble over wages at the Frankfort Arsenal at Philadelphia has been averted through an agreement reached yesterday between Mr. Alfias and Gen. Crozier. The investigation as a result of which any changes will be made in the wage scale there is to be made by three committees, comprising each a labor man and an army ordnance officer, and representing the three different departments of the arsenal—munitions, small arms, and ordnance. The investigation will be conducted as near simultaneously as possible, so that the changes may be effective within a couple of months.

Dissatisfied mechanics at the Washington navy yard have decided to wait the result of a conference between their leaders and President Wilson before deciding definitely on a course of action.

This was the announcement yesterday afternoon following receipt of a letter from Secretary Joseph P. Tumulty by Mr. Alfias.

Walk-out Was Planned.

Prior to the receipt of the letter the machinists, believing President Wilson had left Washington without giving due consideration to their petition, had arranged for a mass meeting in Naval Lodge Hall tomorrow night, when, it was virtually determined, a general walk-out would be voted. Such a walk-out, according to Mr. Alfias, would be followed by similar action in all other navy yards. Secretary Tumulty's letter informed Mr. Alfias that press of other business had prevented the President from taking action on their petition, but that the President would be glad to talk with the men personally after his return from Cornish.

Mr. Alfias said yesterday that the men had determined upon a walk-out in the event their demands were not acceded to within a reasonable time. He declared the men would not wait for an investigation into the cost of living here as compared with that in the vicinity of other yards, which is the basis upon which the fund from which they expect the increase to be drawn was voted by Congress.

ROBERT BACON SILENT.

Former Ambassador to France Declines to Discuss Note.

London, July 24.—Among the saloon passengers aboard the American liner St. Louis, which sailed today, is Robert Bacon, former ambassador to France, who declined to discuss anything, not excepting President Wilson's latest note which, of course, is the chief topic of conversation everywhere.

Another voyager is Elsie Janis, who is returning to New York after an extremely successful engagement at the Palace Theatre. Judge Coyne, a New York lawyer who lives principally on this side, also is aboard. George Blankenship, F. Bying, Col. John Caswell, Mr. and Mrs. Joseph N. Ely, Mr. and Mrs. Joseph Eustace, James E. Elmrie, Mrs. Julie Le Gallien, Mr. and Mrs. M. C. Reichert, Mr. and Mrs. A. Stewart and Mrs. Van Sicken are other passengers.

MARRIAGE LICENSES.

Infant of George and Clara Carter, 3 days, Emergency Hospital.
COLORED.
William Ashby, 39 years, Tuberculosis Hospital.
John Stephens, 40, Tuberculosis Hospital.

Miss Rosa M. Powell Weds.
Rockville, Md., July 24.—Miss Rosa May Powell, daughter of the late William H. Powell, of Bethesda, this county, and Robert E. Dioble, of Washington, were married here at the home of the bride, Rev. Parke P. Flournoy, pastor of the Bethesda Presbyterian Church, officiating.

"Hell" Is Run over and the earth is flooded." At any rate, this is what Rev. L. C. Moore, colored minister of the gospel, contended. He will tell all about the details at 11:30 o'clock this morning in a sermon at McKinley Memorial Baptist Church, Fourth and H. streets northwest. He has taken the bold assertion as the title of his discourse.

REALTY TRADING DROPS SLIGHTLY

But Volume of Business May Surpass that of Same Month Last Year.

TRANSACTIONS TOTAL 149

Walker Memorial Church Bought by Joseph Auerbach—Bids Opened for Home of Ford Motor Company.

Although realty trading dropped slightly last week from the unusual figures of the previous six days, brokers say that unless business slumps this week the volume of trading for the month will equal, if not surpass that of July, 1914. A total of 149 transactions, being a daily average of twenty-five sales, were recorded last week. Involved in the transactions were 25 lots and parcels.

Friday was the busiest day, having thirty-five sales to its credit. Thursday witnessed thirty-four sales, Wednesday, thirty; Tuesday, twenty-one; yesterday, nineteen, and Monday, ten.

The outlying suburbs continued to lead, ninety-seven deals being closed in those sections. The near-urban districts brought second place with fifty-eight lots conveyed. Within the city limits, the northwest section figured in forty-six transactions. There were forty-five lots sold in the northeast, twenty-two in the southeast and seven in the southwest.

The majority of the week's sales consisted of medium-priced homes. There were no large sales and the business section played a small part. The highest sale of the week took place in the southwest, where Nikolaus Auth conveyed the business property at 431-419 D street to the N. Auth Provision Company for \$30,000.

In the southeast, Allan McEl. Albert sold premises 501 to 515 First street to Louis A. Davidson for a sum said to have been \$20,000. The Kelwood Apartments, 1819-1821 Corcoran street northwest, were sold to Washington Berry by Miss Ethel M. Ruffy for a price indicated by the revenue stamps to have been \$20,000.

Harry Wardman and Thomas Bones bought the site for an apartment on the north side of Columbia road, between Quarry and Ontario roads, Isaac Hazlett was the seller, and the revenue stamps indicate the consideration to have been \$17,000. Dr. Edward F. Pickford sold his home at 1010 East Capitol street to Wilhelm E. Krechting for about \$6,000. The physician purchased from David J. Dunn premises 1328 Sixteenth street northwest.

The Walker Memorial Church, in Thirteenth street between U and V streets northwest, sold Friday to Joseph Auerbach. The sale was made by John Ridout, trustee, for \$300 more than the encumbrance on the property.

The money market suffered a sharp decline, the total amount loaned being \$45,553.33. This sum was borrowed on the security of 275 lots at an average interest rate of 5.5 per cent. Straight loans continued to lead the market, comprising an aggregate of \$312,472.97. The sum of all the notes given for deferred purchase money was \$8,082.41. Building associations advanced \$2,100 to members.

A dozen small homes have been completed by Kennedy Brothers, Inc., in Irving street, between Eighteenth and Nineteenth streets northwest. The sale announcement on eight operations soon will commence on eight additional homes adjoining the present ones.

Bids were opened in Chicago on Friday for the contract to erect the new home of the Ford Motor Car Company at John Marshall street and Pennsylvania avenue northwest. It is understood the plans call for an expenditure of \$300,000. The building will be of reinforced concrete with a white marble and terra cotta front. It will conform with the general style of the government buildings.

L. O. Stewart & Bro., coal, wood and ice merchants, are planning to erect a garage to accommodate fifty motor trucks at 145 Twelfth street northeast. Plans are being prepared by Charles A. Ford.

PINES KILLED BY RUNAWAY.

Max Pines, of 3256 Prospect avenue northwest, a driver for the American Ice Company, died in Sibley Hospital yesterday from injuries received thirty minutes before, when he was pitched from his wagon in a runaway.

Pines was unloading ice in the Eckington freight yard, when the team of horses attached to his wagon frightened and ran off. Pines was thrown out, alighting on his head. His leg was fractured by the fall. He was picked up by his partner, Walter Kemp, of 1012 Jefferson avenue northwest, and taken to Sibley, where he died at 2:30 o'clock.

LOCAL MENTION.

Charlie Chaplin today, Virginia, 608 5th.

Buying Furniture ON CREDIT Is Like Putting Money in the Bank

You never miss the payments and yet you own before you realize it many pieces of really fine furniture. Why not buy some furniture on this plan? We offer you mammoth stocks to choose from in high-grade furniture—nine floors full—all at lowest prices possible—and on the easiest of easy terms. Let us explain our credit system to you.

GROSNER'S FACTORY SALE OF KUPPENHEIMER SUITS

Out for a New Record With the Second Shipment

In closing out the Kuppenheimer Factory stock last season we established what was probably a high record for volume of distribution in Men's High-Grade Clothes.

Successful merchandising requires that such records be made only to be surpassed next time.

To beat last year's extraordinary figures required extraordinary preparations this year. This has been accomplished through the mightiest sort of co-operation by The House of Kuppenheimer.

A MIGHTY SAVING

On account of the backward season this year's factory purchase offers a selection so varied as to surpass any and all former exhibitions. The price concessions made to us permits Grosner to place these fine hand-tailored Suits before you at

Half-Price and Less
